PROJECTS

Ramblr: Social media site based on Tumblr.

- Used Rails and JavaScript to create a RESTful API capable of viewing / creating / liking posts.
- Implemented user authentication using BCrypt passwords & SecureRandom session tokens.
- Used Amazon Web Services to allow users to upload images, audio and video files.
- Used AJAX requests to update follows and likes without leaving or reloading the page.
- Designed routes for display and form submission using the React Router.

SKILLS

Ruby / Rails / JavaScript / Node.js / React / SQL / HTML / CSS / Git / TDD

WORK EXPERIENCE

Taco Comfort Solutions, Cranston, RI || Sept. 2015 - Aug. 2016 || *Administrative Assistant*

Worked with systems responsible for inventory and production projections. Supported team during transition to a more complex computer system. Sorted > 700 pieces of paperwork per day for an entire manufacturing department.

Dept. of Environmental Mgmt., Providence, RI || Feb. 2015 – Aug. 2015 || *Administrative Aide*

Worked as a deputy assistant to the Director. Communicated with senators and the Governor's office on her behalf. Researched problems and directed inquiries to the proper department or person. Did independent projects, including helping to process candidates for an internal position, and tracking legislation for the department as it made its way through the State House.

Three Sisters Café, Providence, RI || Oct. 2013 – Dec. 2014 || *Head Prep Cook*

Extensive customer service in a fast-paced, intense atmosphere.

Black Cat Graphics, Providence, RI || Summers, 2008-2012 || *Shop Assistant*

Created filing systems; worked with Excel (balancing the books); took inventory of stock. Frequently worked evenings, nights, and under time pressure
